

INNOVATION AND EDUCATIONAL TECHNOLOGIES
GENERAL DIRECTORATE

LET'S PLAY TOGETHER!

Course	English	Grade	5th Grade	Duration	3 lesson hours (3x40')

This scenario is designed to assist teachers in providing an effective learning experience utilising technology. The teacher may utilise this scenario, which is presented as an exemplar, or adapt it to align with the specific requirements of the students and the physical conditions of the educational institution.

Overview

In this learning scenario, the students participate in a variety of interactive activities designed to develop their communication, collaboration, and digital skills. These activities include delivering presentations on games and hobbies, using visual stories to illustrate structures for expressing likes and dislikes, and incorporating games to boost motivation. The utilisation of cooperative learning methodologies, the integration of gamification elements, and the incorporation of technology-based learning approaches serve to enhance student engagement and facilitate vocabulary acquisition. The teacher plays a crucial role in facilitating the learning process by employing gamification approach technology-based learning approaches in digital tools for games, presentations, and visual aids to establish a conductive and motivating learning environment.

In the evaluation phase, innovative approaches such as gamified measurement and evaluation, as well as reflective journals, will be utilised. To support this, the teacher will encourage the students to work in pairs to create the weekly schedule of a boy named Sam. Based on this schedule, the teacher will assess the students' progress using a reflective journal.

Key Concepts: Games/Hobbies, Like/Dislike, Can/Can't

Learning Goals

Students

- Talk about their likes and dislikes.
- Express what they can and cannot do.
- Identify the names of the games and hobbies in a text.
- Enhance their communication skills.
- Use technology to enhance learning.
- Work collaboratively to write a weekly game schedule.
- Actively use target language and information technology.

Course Objectives

- E5.3.L1. Students will be able to understand simple, oral texts about hobbies, likes/dislikes and abilities.
- E5.3.S1. Students will be able to talk about hobbies, likes/dislikes and abilities in a simple way.
- E5.3.S2. Students will be able to give information about likes/dislikes, abilities and hobbies of others in a simple way.
- E5.3.R1. Students will be able to follow a simple story with visual aids.

Related Skills

- Collaboration
- Communication
- Digital skills
- Active listening
- Critical thinking
- Creativity

PREPARATION

Learning Approaches, Methods, Strategies

- Technology-based learning
- Cooperative learning
- Gamification

Tasks

Teacher

- Prepares a presentation about games and hobbies.
- Generates visuals for the weekly game schedule.
- Creates a reflective journal.
- Explains how to express likes and dislikes, as well as abilities and inabilities.
- Designs various games to boost motivation.
- Guides the students to work collaboratively.
- Encourages the students to take an active role in lessons.
- Utilises interactive whiteboards and other digital tools effectively.

Student

- Expresses their likes and dislikes, as well as their abilities and inabilities.
- Engages actively with the lesson, following the teacher instructions.
- Collaborates effectively with classmates in writing a weekly game schedule.
- Joins in the activities to develop digital competence.
- Takes responsibility for activities and assignments.
- Utilises web tools to write a reflective journal.

Instructional Tools/ Technologies

The web tools provided in this scenario are offered as examples. Teachers are free to select and apply any tool they see fit, according to the web tools category. It is recommended that teachers review the web tool in question before use and have a good understanding of the tool's interface.

Hardware

- Interactive whiteboard
- Tablets
- Computer

Online Tools

- eba.gov.tr
- Gamification web tools
- Interactive presentation tools
- Tools for creating digital boards or post its
- Poster and flyer creation tools
- Gamified measurement and evaluation web tools

APPLICATION

Activities

Before the Lesson

The teacher is required to design various digital materials to enhance student engagement and learning. First, the teacher prepares a presentation titled Magical World of Games using one of the interactive presentation tools (Annex-1). Then, for the assessment, the teacher creates a Balloon Pop game using one of the gamified measurement and evaluation web tools.

Lesson 1 (Class)

Pre-Activity

The teacher introduces the "Which game is it?" activity, in which the students act out or mime a game for their classmates to guess. The teacher then asks for a volunteer student to leave the classroom. While they are away, the teacher asks the rest of the class to decide on a game to describe. At least five students can volunteer to leave the classroom, and there can be five different games need to be mimed.

While Activity

Following the "Which game is it?" activity, the teacher initiates the Magical World of Games presentation, where the students are asked to identify the names of games and hobbies, as well as phrases related to likes and dislikes, and abilities and inabilities (Annex-1). During the presentation, the teacher asks, "What kind of games do you play with your friends?". The students are encouraged to express their preferences regarding games they like or don't like, followed by constructing sentences that reflect their abilities and inabilities. The students are required to use the structures such as, "I like/dislike" or "I enjoy/hate" while talking about the games and hobbies and the teacher provides prompt feedback throughout the course of the activity.

Post-Activity

After the presentation, to assess the comprehension, the teacher implements the Balloon Pop game, in which the students are asked to look at the images of games and hobbies and match them with the corresponding terms such as hide and seek, blind man's buff, hopscotch, etc.

Related Skills: Communication, Active listening, Collaboration, Critical thinking, Creativity

Before the Lesson

The teacher designs various digital materials to boost student motivation. First, the teacher creates a Word Grid using one of the gamification web tools (Annex-2). Then, the teacher designs a My Weekly Game Schedule using one of the interactive presentation tools (Annex-3). Lastly, for the assessment, the teacher prepares a Reflective Journal using one of the poster and flyer creation tools (Annex-4).

Lesson 2 (Class)

Pre-Activity

The teacher displays the Word Grid and requests that the students find the given words in the grid (Annex-2). Each student who finds the given word is required to construct a sentence using "I like", "love", "dislike", or "hate" structures. This allows the teacher to assess whether the students can correctly use these structures to express their likes and dislikes.

While Activity

Following the word grid activity, the teacher displays the My Weekly Game Schedule activity, in which the students will follow a simple story with visual aids and construct sentences (Annex-3). The teacher introduces the character named Sam and asks the students to work in groups of three to discuss Sam's game scedule. The teacher shares the link with the groups on a digital board and asks the students to look at the images of the games and hobbies and construct sentences to tell the weekly game schedule of Sam. The students may like or comment on the visual story. The students are asked to construct sentences such as "Tom likes playing soccer with his friends on Tuesday." The teacher walks around the students during the discussions and provides prompt feedback throughout the course of the activity.

Post-Activity

Following the discussion on the game schedule of Sam, the teacher proceeds to the assessment part and shares the link to the Reflective Journal, where the students are asked to answer the questions to check their self-development (Annex-4).

Related Skills: Communication, Collaboration, Digital skills, Critical thinking

Before the Lesson

The teacher creates an activity named Horse Race using one of the gamified measurement and evaluation web tools. Then, the teacher prepares another activity named Do You Like? using one of the gamification web tools.

Lesson 3 (IT Class)

Pre-Activity

The teacher introduces the Horse Race game, in which the students listen to audio clips such as swimming, hide and seek, playing chess, etc., and match each with the corresponding image.The teacher explains that the winner is the student who finds the answers the fastest. This interactive game is intended to facilitate a warm start for the lesson.

While Activity

Following the horse race, the teacher initiates another activity titled Do You Like?, in which the students look at the images and talk about hobbies and likes/dislikes and abilities in a simple way. The activity includes images of games and hobbies such as skipping rope, riding a bike, roller skating, etc. The teacher asks the students to work in pairs, one student poses the question "Do you like?", the other one chooses an option, and constructs sentences using "I like...". The students then take turns to ask and answer the questions. The teacher circulates amongst the students during the discussions, providing immediate feedback throughout the activity.

Post-Activity

Following the activity, the teacher proceeds to the assessment part and shares the Reading Exercise: Kevin's Project on EBA. In this exercise, the students read the text and answer the questions.

Homework/Assignment

The students are assigned to work in groups of four to prepare a dialogue about their hobbies. They are then asked to share their videos on EBA and comment on each other's videos.

Related Skills: Communication, Collaboration, Digital skills, Active Listening, Critical thinking, Creativity

Evaluation/Assessment Methods/Tools

- EBA + reading exercises
- Gamified measurement and evaluation web tools
- Reflective journal

Annex-1: The Transcript of 'Magical World of Games' Presentation
Annex-2: Word Grid Activity
Annex-3: The Transcript of 'My Weekly Game Schedule' Visual Story
Annex 4: Reflective Journal

The Transcript of 'Magical World of Games' Presentation

Description: The teacher prepares a presentation using one of the interactive presentation tools, where the students are asked to identify the names of games and hobbies and the phrases about likes/dislikes, abilities/inabilities.

First Page: Write "Doing Puzzles, Fishing, Playing Hide and Seek, Sculpting, Skipping Rope, Playing Tag, Playing Dodgeball, Camping" and attach the images of these games and hobbies.

Second Page: Write "Hello, my name is Jane. Let me tell you my favourite games and hobbies." and attach an image of a girl.

Third Page: Write "Camping is my favourite hobby. I **love** camping very much. I **can** make a campfire, and I **can** cook." and attach images related to camping.

Fourth Page: Write "Fishing is also one of my favourite hobbies. I **like** fishing very much. I **can** use a fishing line." and attach images related to fishing.

Fifth Page: Add an interactive question, "What are Jane's favourite hobbies?"
Options:
A) Sculpting and fishing
B) Camping and sculpting
C) Camping and fishing

Sixth Page: Write "Dodgeball is my favourite game. I **love** playing dodgeball. I **can** catch the ball." and attach images related to dodgeball.

Seventh Page: Write "Let me tell you some of the games and hobbies I dislike." and attach an image of a girl.

Eighth Page: Write "Hide and seek is not my favourite game. I **don't like** playing hide and seek. I **can't** find my friends." and attach images related to hide and seek game.

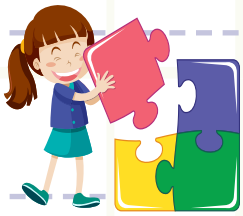

Ninth Page: Write "Sculpting is not my favourite hobby. I **dislike** sculpting. I **can't** make a sculpture." and attach images related to sculpting.

Tenth Page: Add an interactive question, "Does Jane like sculpting?"
Options:
A) No, she doesn't.
B) Yes, she does.

Eleventh Page: To summarise, write "Like/Love/Enjoy" in a group and write "Doesn't like/Don't like/Dislike/Hate" in the other group.

Word Grid Activity

Find the given words on the word grid.

SWIMMING - HIDE AND SEEK - DANCING - TAG - CAMPING - ROLLER SKATING - SCULPTING FISHING - SKIPPING ROPE - HOPSCOTH - PLAYING MARBLES - PLAYING CHESS

The Transcript of 'My Weekly Game Schedule' Visual Story

Description: The teacher creates a digital story using one of the interactive presentation tools. The students follow a simple narrative supported by visual aids and form sentences based on the content.

First Page:	Write "Hello! My name is Sam. I like playing different games.", attach an image of a boy.
Second Page:	Write "Can you help me organise my weekly game schedule?"
Third Page:	Write "Look at the visual of the game and form a sentence."
Fourth Page:	Write "Don't worry. Here is an example for you."
Fifth Page:	Attach a visual of the tag game and write "On Monday, I like playing tag with my friends." For the next days, the students form sentences.
Sixth page:	Write "On Tuesday" and attach a visual of the hide and seek game.
Seventh page:	Write "On Wednesday" and attach a visual of playing marbles.
Eighth page:	Write "On Thursday" and attach a visual of the hopscotch game.
Ninth page:	Write "On Friday" and attach a visual the Chinese whisper game.
Tenth page:	Write "On Saturday" and attach a visual of the blind man's buff game.
Eleventh	Write "On Sunday" and attach a visual of playing chess.
Twelfth page:	Write "Thank you for your help".

Reflective Journal

Name-Surname:

Complete The Sentences

1. The games I like **the most**

2. The hobbies I prefer

3. I can play

4. I **can't** play

5. I feel **very good** when I

6. I feel **very bad** when I
