HOLIDAY TALES

Course	English	Grade	6th Grade	Duration	3 lesson hours (3x40')

This scenario is designed to assist teachers in providing an effective learning experience utilising technology. The teacher may utilise this scenario, which is presented as an exemplar, or adapt it to align with the specific requirements of the students and the physical conditions of the educational institution.

Overview

While second language learners have a basic understanding of tense structures, they often struggle to express these tenses accurately in their speech or writing. Teachers are therefore faced with the task of helping L2 learners to connect the forms of tenses with their intended meanings during the tense acquisition process (Chan, M. 2016).

In this learning scenario, a targeted approach is employed with the objective of teaching tenses to learners of a second language. The incorporation of particular exercises and contextual activities is intended to facilitate the alignment of grammatical form and meaning. This methodology facilitates accurate use of tenses in both spoken and written communication.

Student learning will be assessed using EBA for grammar exercises, listening comprehension tasks and vocabulary exercises. Web tools will be employed for multiple-choice questions and gamified measurement and evaluation. A student assessment form will also be utilised for evaluation purposes. These lessons aim to develop the students' language proficiency, creativity, collaborative skills, communication abilities and digital literacy within an interactive and engaging learning environment.

Learning Goals

Students

- Spot activities about holidays in oral texts.
- Talk about their holidays.
- Describe past activities and personal experiences.
- Identify short, simple sentences and expressions related to past activities.
- Write short and simple pieces in various forms about holidays.

Course Objectives

- E6.7.L1. Students will be able to spot the activities about holidays in oral texts.
- E6.7.SI1. Students will be able to talk about their holidays.
- E6.7.SP1. Students will be able to describe past activities and personal experiences.
- E6.7.R1. Students will be able to understand short, simple sentences and expressions related to past activities.
- E6.7.W1. Students will be able to write short and simple pieces in various forms about holidays.

Related Skills

- Digital skills

PREPARATION

Learning Approaches, Methods, Strategies

- Cooperative learning
- Active learning
- Gamification

Tasks

Teacher

- Creates a collaborative learning environment for the students.
- Guides the students to resources required for this unit's learning objectives.
- Designs engaging activities to keep the students motivated.
- Offers guidance on web and AI tools.
- Provides a flexible learning experience.
- Encourages the students to take responsibility.
- Uses technology effectively with innovative pedagogy.

Student

- Participates actively in the learning process.
- Comes up with creative ideas and applies them.
- Employs web and AI tools to enhance learning about the subject.
- Takes responsibility for learning, thinks independently and critically.
- Asks questions, investigates and explores.
- Works collaboratively.

Instructional Tools/Technologies

The web tools provided in this scenario are offered as examples. Teachers are free to select and apply any tool they see fit, according to the web tools category. It is recommended that teachers review the web tool in question before use and have a good understanding of the tool's interface.

Hardware

- Interactive whiteboard

Online Tools

- eba.gov.tr
- Audio editing tools
- Artificial intelligence powered tools
- Poster and flyer creation tools
- Gamified measurement and evaluation web tools
- Web tools for multiple choice questions
- Interactive presentation tools

Instructional Materials

- Markers
- Sticky notes

APPLICATION

Activities

Before the Lesson

Prior to the lesson, the teacher gathers all necessary materials, such as markers and sticky notes.

Lesson 1 (Class)

Pre-Activity

The teacher recounts a personal holiday experience to introduce new vocabulary as follows: "Last month I was in the Black Sea region", "There were lakes, mountains, forests and rivers", "The landscape was fascinating!", "There were fruit trees and different flowers", "The sea was refreshing, the sightseeing was great and it was a wonderful holiday", etc. The students are then asked to describe their own holiday experiences as follows: "Where did you go on your last holiday?", "Was it beautiful?", "Were there any great scenes or places?", etc.

While Activity

Subsequent to an overview of the lesson being presented, the teacher initiates Listening Exercise: New Friends. Throughout this activity, the teacher engages with the students to ensure comprehension of the presented material.

After completing the listening exercise, the teacher remarks, "Great job, everyone! Let's now move on to expanding our vocabulary and see how well you can identify our new vocabulary words". In Vocabulary Exercise 1: Holidays, the students match photos with the appropriate words.

The teacher organises an activity related to the vocabulary of the unit. The teacher starts one of the interactive presentation tools. The students in pairs describe and write the words of the unit by using AI powered feature of the interactive presentation tool. Meanwhile, other students can draw similar pictures in their notebooks.

Post-Activity

Upon completion of the task, the teacher presents the images, if feasible, and provides the students with printed copies, which they then affix to the designated English-language learning area of the classroom.

Homework/Assessment

The teacher provides the students with a link to Holidays video as homework, instructing them to view it while taking notes on the subject matter in their notebooks. The students will discuss the topic further in the subsequent lesson.

Related Skills: Creativity, Collaboration, Communication, Digital skills

Before the Lesson

The teacher gathers all necessary materials, such as sticky notes, markers, and notebooks. The teacher prepares a Multiple-Choice Test on the web tools for multiple-choice questions, reviews the AI-generated text about holidays, and converts it into a listening activity (Annex-1). The teacher also tests the audio editing tool to ensure the students can easily use it for their homework assignment. Additionally, the teacher informs the students to bring their materials, be prepared to share their holiday experiences for the upcoming lesson. The students should also review the vocabulary from the previous lesson and be ready for an engaging discussion on holiday destinations.

Lesson 2 (Class)

Pre-Activity

The teacher displays a world map on the interactive whiteboard and gives each student a sticky note and a marker. The students will pin sticky notes with holiday destinations onto a map.This activity encourages geographical awareness and stimulates discussions about different places around the world.

While Activity

The teacher starts the activity, which is based on a web tool that presents multiple-choice questions related to the video that was assigned as homework in the previous lesson (Annex-1). The students record their answers, after which they verify them collectively. The teacher initiates Vocabulary Exercise 2: Holidays on EBA, and the students match the words with their descriptions.

The students are introduced to past tense regular verbs through a listening activity for the first time. To draw attention to regular verbs, the teacher uses an artificial intelligence powered tool to write an original text about holidays according to the unit outcomes and context. The teacher turns the text into a listening activity with an audio editing tool. After playing the audio two or three times, the teacher displays the text on the interactive whiteboard. The students identify and note unfamiliar words and structures. The teacher then prompts the artificial intelligence chatbot tool to generate a new listening text focused on past tense regular verbs: "Can you write an authentic 150-word text on the topic of holiday that I can turn into an audio text for my 6th grade students who will be learning regular verbs in the past tense for the first time in English class?"

Homework/Assessment

As homework assignment, the teacher asks the students to record what they did during their last holiday using an audio editing tool and upload it to the link provided by the teacher.

Related Skills: Collaboration, Communication, Digital skills

Before the Lesson

The teacher checks the students' audio homework. The teacher sets assessment criteria for the students, reviews grammar activities on EBA and designs a Verb Match Up Game using one of the gamification web tools. The teacher announces an upcoming student assessment (Annex-2).

Lesson 3 (Class)

Pre-Activity

The teacher switches on the audio recordings of the homework given in the previous lesson on the interactive whiteboard and the students listen to them together. The teacher uses an assessment form to evaluate the students' recordings. The evaluation is based on "correct use of regular verbs", "fluency" and "pronunciation" (Annex-2).

While Activity

Following the student assessment, the teacher proceeds to the main grammar activities by initiating Grammar Exercise 1: Holidays and Grammar Exercise 2: Holidays. The students are required to complete these exercises all together. The teacher makes sure that the students pay attention to the use of regular verbs in each question. Once the students have completed the exercises, they check their answers with the teacher as a whole class. The teacher then prepares the follow-up activity.

Post-Activity

The teacher initiates the Verb Match Up Game to facilitate the acquisition of regular verbs through a fun and engaging matching activity. The students match the verbs with the correct tense form on the interactive whiteboard. This game serves as an effective learning tool for the students to have fun while learning regular verbs using interactive whiteboard technology.

Annex-1: Sample Multiple-Choice Questions and Answers
Annex-2: Student Assessment Form

Sample Multiple-Choice Questions and Answers

Description: The teacher can prepare an activity by using one of the web tools for multiple-choice questions including the following sample questions or adding new questions.

1. What was Jane's holiday activity?

A) sailing
B) sightseeing
C) skiing
D) swimming

Correct Answer: C

2. What did the guests do at Hotel Lake?

A) They swam in the lake.
B) They played football.
C) They picked fruit.
D) They went on a sightseeing tour.

Correct Answer: A

Student Assessment Form

This form has been designed for the teacher to assess students' audio recordings of their holiday related homework. For each criterion, select the grade that best reflects students' performance on a scale of 1 to 5, and indicate your choice by writing a number in the relevant box.

1-Inadequate 2-Developing 3-Moderate 4-Good 5-Excellent

Name/Surname	CRITERIA			GENERAL COMMENT
	Use of Grammar	Fluency	Pronunciation
